THEATRE UNPLUGGED

Founded by Mary T. Boyer in the spring of 2007, **THEATRE UNPLUGGED** is a new theatrical venture guided by the desire to get back to basics. A small theatre, simple staging, minimal sets and costumes, no special lighting, and an emphasis on rich dialogue and robust acting create an atmosphere where the audiences' imagination can flourish.

A Testimonial: [next...](#)

"All reports are true! Mary Boyer is amazing. Mary Boyer loves her actors. Mary Boyer loves what she does. In an environment full of support and passion, Mary ensures you bring your truth to each scene and character, telling a story that is so much more than words on the page. Mary has an impeccable eye for problems I run into, and will often say 'just try this' (what I now refer to as 'the Mary adjustment'). It's always right on; I am baffled at how I could have missed it, but that's one reason I treasure the time I get to 'play' at MTB Studio with Mary."— Barry Johnson, student

company founded by acclaimed acting teacher and director Mary T. Boyer.

A Midsummer Night's Dream,
Shakespeare's delightful fairy-tale complete with star-crossed lovers, puckish elves, fairy queens and fairy kings...and they all live happily ever after!
